Comp1035 Introduction to Software Engineering

Coursework Issue Sheet

Session	18-19	**Semester**	Spring
Module Name	Software Maintenance	**Code**	COMP1035
Module Convenor(s): CW Convenor in Bold	**Dr. Nasser Mustafa**, Dr.Ying Weng		

Coursework Name	Requirements Engineering Activities and Project Management	**Weight**
Deliverable	1- Part1- Software Requirement Specification Document (SRS), (1 submission per group) 2- Part2- Test Plan and Project plan (1 submission per group) 3- Peer assessment – individual submission per each member in the group	
Format	1. Part 1- Should be a .PDF file. The name of the file will be in the form **Part1_groupNumber.pdf** 2. Part 2: Should be a .PDF file. The name of the file will be in the form **Part2_groupNumber.pdf** 3. Peer assessment: Should be an excel sheet submitted individually be each student. The name of the sheet will be in the form: **GroupNumber_Yourname.xsl**	

Issue Date	Issued w/b April 1st, 2019
Submission Date	Deadlines: Part1 submission is April 15th, 2019 11:00
	Part2 submission is April 30th, 2019 11:00
Submission Mechanism	On Moodle
Late Policy **(University of Nottingham default will apply, if blank)**	Standard policy
Feedback Date	Part 1 feedback: April 20th, 2019
	Part 2 feedback: May 13th, 2019
Feedback Mechanism	Individual comments via grading system on Moodle.

Setup

There are different components to this which together will make up 50% of the module mark. The breakdown is as follows:

1. **25% Part1, for producing the System requirement specification document SRs**.

2. **20% Part2, for producing the test plan and project management plan**

3. **5% for Students peer evaluation**
